

ALLIANZ BENEFIT CONTROL® ANNUITY

We've increased the premium bonus on Allianz Benefit Control® Annuity to 32%

For a limited time only: July 9 through August 26, 2024

Help provide for your future financial needs – and get a bigger bonus.

Our Premium+ Event is a great time to consider purchasing a fixed index annuity (FIA) to help meet your long-term needs for retirement income – because for a limited time we'll give you a 32%¹ premium bonus for extra accumulation potential.

Along with guarantees against the loss of principal due to market downturns, you'll have tax-deferred accumulation opportunities and the potential for indexed interest – all with the reassurance of a death benefit for beneficiaries before you begin annuity payments.

Allianz Benefit Control® Annuity can help you **prepare for future expenses.**

Allianz Benefit Control® Annuity is a top-selling FIA that offers:

- A 32% premium bonus credited to the Protected Income Value to help jump-start your retirement savings.
- An interest bonus that will result in a credit of 250% of any interest you earn from your chosen allocations.^{1,2}
- Lifetime withdrawals that can begin immediately or on any monthly anniversary after age 50 – with the opportunity to receive income increases.³

CONTACT YOUR FINANCIAL PROFESSIONAL for complete information.

¹ Please note: Both the premium bonus and interest bonus are credited only to the Protected Income Value (PIV). To receive the PIV, including the value of these bonuses, lifetime withdrawals must be taken. The PIV is not available as a lump sum. You will not receive these bonuses if the contract is fully surrendered or if traditional annuitization payments are taken. If it is partially surrendered the PIV will be reduced proportionally, which could result in a partial loss of bonuses. Because this is a bonus annuity, it may include higher surrender charges, longer surrender charge periods, lower caps, higher spreads, or other restrictions that are not included in similar annuities that don't offer a bonus feature.

² With the 250% PIV interest bonus, you will receive a 50% accumulation value interest factor. You can also choose the Balanced PIV Interest Bonus Option to receive a 150% PIV interest bonus to the PIV with a 100% accumulation value interest factor.

³ Increasing income potential is provided through a built-in rider at no additional cost.

A top-selling annuity is not necessarily suitable for all clients.

THE PURCHASE OF AN ANNUITY IS AN IMPORTANT FINANCIAL DECISION. YOU SHOULD HAVE A FULL DISCUSSION WITH YOUR FINANCIAL PROFESSIONAL BEFORE MAKING ANY DECISION.

Any distributions are subject to ordinary income tax and, if taken prior to age 59½, an additional 10% federal tax.

Guarantees are backed by the financial strength and claims-paying ability of the issuing insurance company.
